Unit plan template

Plan the learning, teaching and assessment for one unit. Edit this file or write on the printed pages. Add rows or copy a page when you need more space.

Unit name

_____

Subject and year level

_____

Curriculum source and version

_____

Term and teaching weeks

_____

Lessons each week and lesson length

_____

Curriculum and learning

Selected achievement standard sentences or outcomes

_____

_____

Content to teach and its curriculum codes

_____

_____

What students will learn

_____

_____

What successful work will show

_____

_____

Weekly teaching plan

Start with what students already know. Build towards the work they need to complete. Use each check to decide what to teach next.

Week and lessons	Teach and practise	Evidence and next step
Week 1 Lessons _____		
Week 2 Lessons _____		
Week 3 Lessons _____		
Week 4 Lessons _____		
Week 5 Lessons _____		
Week 6 Lessons _____		

Use your actual term dates. Add any assessment that runs across several weeks, including its start, finish and checkpoints.

Assessment and classroom plan

Add the checks and tasks this unit prepares students for. More than one assessment can belong to the same unit.

Task and purpose	Week and conditions	Work to collect
Starting check		
Progress check		
Final task		

Resources, spaces and safety needs

_____

_____

Support and extra challenge

_____

_____

Changes to make after teaching

_____

_____

Before teaching

[ ] Check the curriculum source and selected wording.

[ ] Check that lessons prepare students for the assessment.

[ ] Check the weeks, resources, safety and access for your class.
